That money you were counting on has been lost due to an accounting error.

Remove two Resource Tokens from another player.

Play on another player after the Public Voice's turn.

Safety Scandal. The product or service you were planning to use has a fatal flaw in it.

Remove 2 Resource Tokens from another player.

Play after the Public Voice's turn on another player.

A friend in the right place puts in a good word for us!

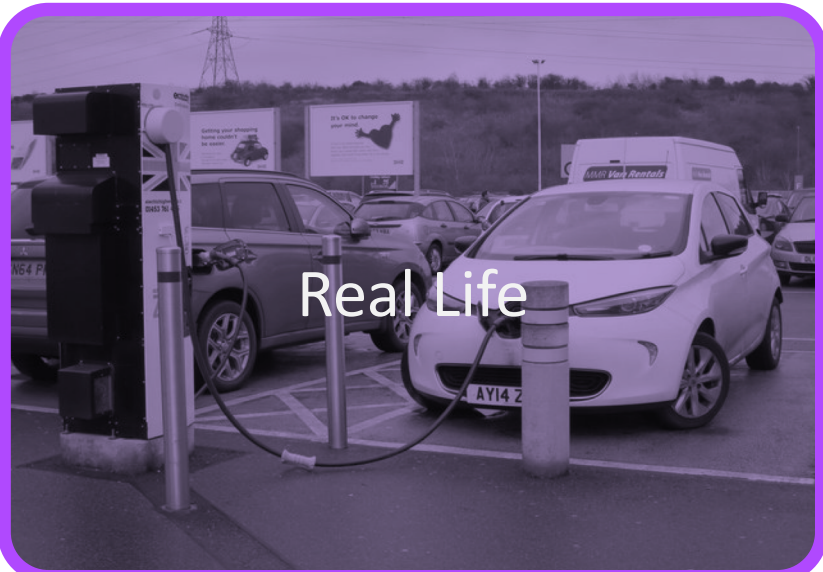

Collaborate for free.

Play after you have been invited to collaborate by another player.

We are not certain about that. Better to be safe than sorry.

Block another real life card.

Played immediately when another player's Real Life Card is played on you.

Time to take advantage of uncertainty.

Double a Future Impact Token score.

Play after the Public Voice's turn.

The public are getting very worried, and angry, about how the future is playing out. But they like you.

Remove 1 Resource Token from all other players.

Play after the Public Voice's turn.

There is a major opportunity here if you work together.

When collaborating with another player, both collaborate for free.

Play it when inviting another player to collaborate.

It's not working. Time for us to pivot, and we've got the investment to do it.

Gain 1 Resource Token.

Play after the Public Voice's turn.

Fast communications has made us aware of the public impact this would have, and has triggered an immediate reaction.

Re-arrange any two Future Impact Tokens.

Played after the Public Voice's turn.

A new trend has justified our action.

Gain two additional Resource Tokens.

Played before the Player's Turn.

The future has just become more uncertain. So roll the dice.

1 or 2: Remove all Future Impact Tokens

3 or 4: Do nothing.

5 or 6: Double your own Future Impact Tokens

Played after the Public Voice's turn.

You can play this on other players.

A new future trend has boosted the power of our action.

Gain two additional Resource Tokens.

Played before the Player's Turn.
